

Product Performance Review

FY2026 | Portfolio analysis

Cross-reference with Sales Data by product and quarter.

Product portfolio performance

Product	Units	Revenue	Revenue / unit
Product F	10,730	\$4,336,233	\$404.12
Product B	13,392	\$3,778,986	\$282.18
Product E	10,477	\$3,696,720	\$352.84
Product C	9,717	\$2,935,745	\$302.12
Product A	10,103	\$2,515,431	\$248.98
Product D	10,702	\$2,369,681	\$221.42

Management interpretation

Product F is the largest revenue contributor, while Product D is the smallest. Evaluate product mix and customer feedback before changing pricing or inventory.

Analyst prompt: compare product performance with customer-feedback themes and monthly/quarterly revenue movements.
